# PRICE LIST

OF THE

# BLOODGOOD NURSERIES

DEPT. OF AMERICAN NURSERY CO. FLUSHING, L. I., NEW YORK

PASSENGER STATION
Broadway, L. I., N. Y., North Shore Division
Long Island Railroad

FREIGHT STATION
Bayside, L. I.

POST OFFICE AND EXPRESS STATION
Flushing, L. I.
Telephone 0424, Flushing, N. Y.

Our nurseries are inspected annually, and a State certificate accompanies each shipment.

#### **IMPORTANT**

In this price list we have grouped all Deciduous trees and shrubs alphabetically and botanically under one heading, and all Evergreen trees and shrubs similarly in another classification, believing such classification will aid in simplicity as it certainly does in accuracy.

## Planting Suggestions

We exercise care in digging, shipping and delivery of our products, thus insuring to the planter the best possible results.

We do not guarantee plants to grow under all conditions, and do not replace stock that perishes on the customer's premises, unless such loss is directly due to negligence or carelessness on the part of our employees.

#### Location and How to Reach Us

Our Nurseries are located in the town of Flushing, the oldest nursery center of America, ten miles from the center of New York City, from which point we are reached by trains on the North Shore Division of the Long Island Railroad from Pennsylvania Station, Thirty-third Street and Seventh Avenue, to Broadway Station, or by trolley from Fifty-ninth Street and Queensboro Bridge to Twenty-second Street and Franconia Ave., Flushing.

Visitors from the South Shore and Eastern Long Island and Brooklyn will change at Jamaica to the Flushing trolley, getting off at Twenty-second Street and Franconia Avenue and walking one-half mile directly east to our office.

We have also established a nursery at Albertson, on the main road between Mineola and Roslyn, and accessible from both places by motor bus which passes our property.

# Shipping Directions

Customers are requested to give careful and explicit shipping directions. When no such directions are given, we will use our best judgment. After delivery to carriers goods travel at purchaser's risk and expense, and in the event they are lost or unduly delayed claims must be made to the transportation companies. All complaints should be made upon receipt of goods, when all mistakes of our making will be cheerfully corrected.

#### Conditions of Sale

Prices per ten and per hundred apply only when the quantities specified are taken except that five and fifty will be sold at the ten and hundred rate respectively.

Terms cash except by agreement otherwise. We will forward by express C. O. D. provided  $20\,\%$  of the amount of the bill accompanies the order from unknown correspondents.

Prices named in this list are for the stock here, packing or trucking additional at cost, the purchaser paying the transportation charges.

BLOODGOOD NURSERIES,
Dept. Am. Nur. Co.
Flushing, N. Y.

# DECIDUOUS TREES AND SHRUBS

Calipering trees insures a more uniform and satisfactory grade, and in all shade trees 1½-inch and up, we adopt the standard common among reputable nurserymen of measuring the tree six inches above the ground. Our Japan Maples are of much better grade than those usually offered. All are grafted and are of intense and constant color.

We invite particular attention to our shade trees. They are above the

usual grade offered.

usual grade onered.

## **EVERGREENS AND EVERGREEN SHRUBS**

All our evergreens are two or three or more times transplanted and, excepting a few only, have been transplanted within two years, and are therefore in best possible condition. Most of them have been sheared one or more times. All priced at \$1.00 each and up will be balled and burlapped free. A charge of 10 cents each will be made for burlapping trees quoted at less than \$1.00 each.

at less than \$1.00 each.
